Your choice of subjects in the IBD program

Choose one subject in each of Groups 1–6.

Your choice must include 3 HL and 3 SL subjects, or 4 HL and 2 SL subjects.

HL = Higher Level, 5 lessons per week, SL = Standard Level, 3 lessons per week (besides time allocation, the levels also differ by breadth and depth as well as by content of the lessons per week).

A subject will be offered if **6 or more applicants show interest**. If you need to study a language that we do not offer, please contact the IB Diploma coordinator at ibdcoordinator@gjh.sk.

The final version of your schedule will, therefore, depend on overall interest in each subject. Each student will submit the definite list of his/her subjects, in case of acceptance, at the introductory meeting held at our school in May 2024.

45. Group 1 – Language and literature

Usually, this is the student's first language (mother tongue). English is the working language in IBD, therefore it is mandatory - students must choose it in Group 1 or Group 2. If you want to study literature in two languages as mother tongues (rather than choosing one mother tongue and one foreign language), please choose English A (HL or SL) here (Group 1) and then choose Slovak A: Literature in Group 2. Slovak language is always taught as the mother tongue.

Creativity-Action-Service (CAS) is mandatory subject of the IB Diploma program crossing the borders of school work and extra-curricular activities. This includes all activities providing creative and physical development of students (such as science Olympiads and clubs, sport activities including the PE lessons) and, most of all, the community service. This means various kinds of volunteering activities: tutoring young pupils (at our school, there is always someone to help), work for non-profit organizations (e.g. Slovak Red Cross), managing clubs and Olympiads for younger students, be it at our school or other schools (e.g. chess club or English club at school for visually handicapped persons). CAS–Service simply includes anything that fits into: I study mostly for myself but I’m here for others if they need me. More info here: <http://bit.ly/CASIBD>.

55. CAS, especially its third part (Service), is a unique opportunity to do something for your community, either within the school or outside of it. Try imagining, and write it down here, what you would like to do during your IBD studies that could contribute to the friendly atmosphere at Gymnázium Jura Hronca.

Every year at the end of August, an initiation event is held where new IB Diploma students get to know each other, their senior classmates, some teachers and do some restoration works (as part of the CAS-service) at Banská Štiavnica Calvary. The event is voluntary, but be sure to abandon any other holiday plans and join us on 25 August – 29 August 2025.
